Bookle Cheat Sheet

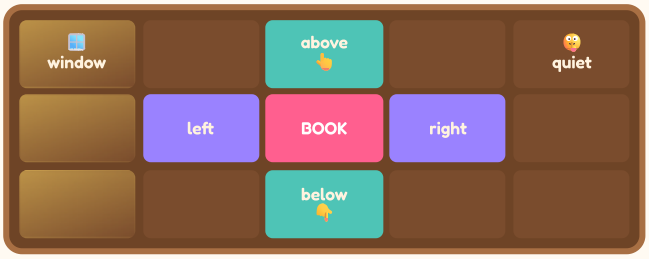

The goal: every book on the returns cart has a **wish**. Put every book on the shelf so that **all of them are happy** 💖. The shelves have **exactly** enough room: every slot gets a book, so every placement affects someone else.

1 Controls

- 👆 **Tap a book** to read its wish and rules.
- 🖐️ **Drag** it to a slot (or tap the book, then an empty slot).
- 🔄 **Drop on another book** to swap them.
- 📦 **Drag back to the cart** to take a book off the shelf.
- 😊 While dragging, the book's **face** shows if it would be happy there.
- 💡 **Hint** puts one book where it belongs (Library: 5 💧).

2 Reading the shelf

"next to" = left or right only · slot directly above / below

Row = the whole shelf

💖 happy · 💢 grumpy · 🌧️ grumpy for a while · 😳 tantrum incoming!

3 All 19 wishes · the icon is printed on each book's spine

Icon	Mood	The book is happy when...
🪟	**Dramatic**	in the **leftmost** column (window)
😳	**Shy**	in the **rightmost** column (quiet corner)
🧱	**Leany**	at **either end** of a shelf
⬆️	**Snooty**	on the **top** shelf
🧿	**Famous**	on a **middle** shelf (not top, not bottom)
⬇️	**Nervous**	on the **bottom** shelf
🙈	**Introverted**	**no books** directly left or right
🤗	**Chatty**	books on **both** sides
🪞	**Aesthetic**	left and right neighbors are the **same genre**
👯	**Clingy**	next to another book of **its own genre**

Icon	Mood	The book is happy when...
💘🔍	**Smitten**	**next to** that genre (left or right)
👉🔍	**Particular**	that genre is directly on its **right**
🚫🔍	**Petty**	**not** next to that genre
👇🔍	**Needy**	sitting **on top of** that genre (slot below)
👆🔍	**Snuggly**	**under** that genre (slot above)
↔️🔍	**Pen Pal**	that genre is **anywhere on its shelf**
👑	**Main Character**	the **only** one of its genre on its shelf
💻🍪💡🪴🐈	**Cozy**	**next to** that decor item
🤧	**Sneezy**	**not** next to the cat

🔍 stands for any genre emoji: 💕 Romance · 🔍 Mystery · 🍳 Cookbook · 💥 Comics · 🌙 Poetry · 🚀 Sci-Fi · ✨ Fairy Tale · 📚 Encyclopedia. A book with two or three icons needs **all** of them.

4 Pro tips

- 🎯 Place the **pickiest** books first: 🪟 😳 ⬆️ ⬇️ 👑 🙈, golden books and anything with 2+ icons.
- 🔗 👉 and 👇 / 👆 books form **chains**. Place them as pairs.
- 🧮 Count genres: three 👑 books of the same genre need **three different shelves**.
- 🙈 "No neighbors" on a full shelf only works next to **decor or a wall**.
- 👀 After every move, look for new 💢. Neighbors get upset too!
- 🔥 Happy placements in a row build a **combo**, so plan before you drop.

5 Decor & drama

- 💻 **Teacup**. Always warm. Somehow.
- 🍪 **Snack jar**. Crumbs are a love language.
- 💡 **Lamp**. For books with very small fonts.
- 🪴 **Fern**. Its name is Gerald.
- 🐈 **Cat**. Tap to pet (+1 💧/day). Knocks books off shelves.

Decor takes up a slot and can't be moved. Leave a book grumpy and it will **complain**, **argue** with neighbors, **sneeze** at the cat, get a 🌧️ and finally throw a **tantrum**.
